LITTLE THINGS.

'Tis the sunny sky and the bursting showers,
'Tis the little green leaves that blossom
That go to make the spring.
'Tis the bright and warmest harmonies
Make the major chord resound,
Whilst the sad-voiced minor music
Floats manfully around.
'Tis each thread in the weaver's loom
Makes the pattern and or gay;
Each little shade a power is,
Be it crimson, or gold, or gray.
'Tis the little smiles and sighs of life
That go to make the whole;
'Tis the fleeting joys and the falling tears
That develop the human soul.
—Maud Dunkley.

goes without saying.

Allen Taylor, aged about 40, died at his home
in Manchester Sunday of rheumatism.

Tuesday at Ratliff, a short distance from

by Harrison Sowards. Sullivan was endeavor-
ing to shoot a young man named Vanhoose,
which Sowards undertook to prevent, when he
turned on Sowards and fired, shattering his
knee. As Mr. Sowards fell he raised his gun
and fired, shooting Sullivan through the heart,
killing him instantly.

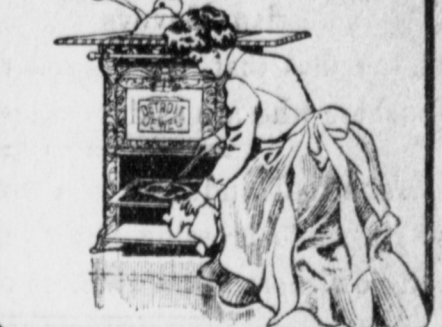

There is more Catarrh in this section of the
country than all other diseases put together, and
until the last few years was supposed to be incur-
able. For a great many years doctors pronounced
it a local disease and prescribed local remedies,
and by constantly failing to cure with local treat-
ment, pronounced it incurable. Science has
proven catarrh to be a constitutional disease and
therefore requires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J. Cheney &
Co., Toledo, O., is the only constitutional cure on
the market. It is taken internally in doses from
10 drops to a teaspoonful. It acts directly on the
blood and mucous surfaces of the system. They
offer one hundred dollars for any case it fails to
cure. Send for circulars and testimonials. Ad-
dress: F. J. CHENEY & CO., Toledo, O.

THE Russian Envoys will hardly lose sight of the fact that it's themselves and not the Japanese who are asking terms.

FOUR fools indulged in a wrestling match in a skiff while crossing the river at Cincinnati; and now there are only three of them.

FOLLOWING the war between Japan and China a treaty of peace was signed on April 17th, 1895, Li HUNG CHANG and Li CHING FONG representing China and Count Ito and Viscount MUTSU representing Japan.

By the treaty China recognized the independence of Korea; ceded to Japan part of Manchuria in the Liao and the Yalu river countries; ceded Formosa and the Pescadores; gave to Japan extensive commercial rights and privileges; agreed to pay a war indemnity of \$290,000,000.

Russia, France and Germany protested against the cession of the Liao Tung Peninsula after the treaty had been ratified. Japan was told she must surrender Manchuria or fight again. Russia, in particular, was peremptory in her demands. Japan, weakened by war, was forced to give in, and Manchuria remained a field for the larger war operations now drawing to a close. Again it will become a subject of peace discussion. The "bottom rail is now on top," and this time Japan will fix the terms.

At Beechwood the other night I saw half a dozen ten-year-olds smoking cigarettes. Wonder if the officers could possibly find out where they got the deadly things?

THE yellow fever situation in New Orleans is quite encouraging. A late dispatch says "fewer cases are expected today;"—after about everybody in town is down with the disease.

WHEN The Louisville Times ventures an Editorial outside of politics, it generally proves as expert as a ship carpenter in hitting the spike squarely on the head. Speaking of the immigration problem, it says—

"The arrest of the Captain of an Austrian line steamship, for bringing over a number of immigrants largely in excess of that for which his vessel provided the requirements specified by law, comes so shortly after the revelations made concerning the inhuman character of the traffic carried on by European steamship companies as to hold out the hope that the United States authorities will make the subject one of thorough and immediate investigation. There can be no doubt that the greater part of the aliens brought to this country by the hundreds of thousands each year are herded in the steerage with less consideration and fewer provisions for their maintenance than are given to cattle on board the ships regularly employed in the cattle trade. The wrongs committed carry with them heavy penalties for those found guilty of their commission, and no better beginning of their enforcement can be made than in the case of the Austrian Captain, if the proof of his guilt can be clearly established.

"The whole question of immigration is in need of better understanding, and while the United States, through its Secret Service Agents, can effectively put a stop to open and flagrant violations of the laws concerning the treatment of aliens on their way to this country, it should, at the next session of its Congress, make full inquiry as to their probable status after arrival. As matters now stand the illiterate and the criminal classes of Southern Europe are being dumped into the United States with such regularity and in such constantly increasing numbers as to constitute a problem, already grave, and growing in gravity each year. Unless it is settled speedily and settled rightly, the cost of its neglect will not be small."

SAFE IN ARMS OF MORPHEUS.

Lexington Leader.

General Linevitch's latest dispatch that the "Russian Army is safe" indicates that it has reached some one of those Manchurian cities it has been hurrying toward and thrown itself upon the protection of the police.

A GOOD NIGHT'S REST

"Speak for it!" she cried to doggie, For she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

"The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup. We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. Two sizes, 25c and 75c. All druggists.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS
Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

O. G. Kloss, slayer of J. W. Ingram near Lexington a few days ago, was captured in Bracken county Wednesday and taken to Lexington and placed in Jail.

The friends of Rev. George Froh and his excellent family are very desirous that he be returned to the pastorate of the Washington and Hebron Churches another year.

Asa Dodge, aged 75, the oldest and one of the wealthiest insurance and real estate men in Lexington, died at his residence Wednesday evening from general debility. He is said to have been worth \$175,000.

Oliver Little, the thirteen-year-old son of Asbury Little of Breathitt county, was arrested on War creek, that county, and was lodged in Jail at Campton on the charge of being an accomplice of his father in stealing cattle. The boy's father is under \$500 bond.
